

Federal Aviation Administration

CHARTING NOTICE

Date: October 12, 2022
To: Users of VFR Aeronautical Charts
From: Aeronautical Information Services
Subject: Depiction of Foreign Data on VFR Aeronautical Charts

Foreign Data on VFR Aeronautical Charts

Effective with the December 29, 2022 chart editions, areas outside of the U.S. shall be skeletonized on all VFR aeronautical charts. Cultural features, hydrographic information and geographic relief shall be retained in subdued and different shades of gray. Only major airports, NAVAIDs and airways shall be charted in foreign areas. These will be in screened black.
